VANUATU VISIT

I have just returned from Port Vila and I am thrilled to report that God is sovereignly putting His Hand of favour and blessing upon this conference in September.

The President, Head of State:

Pastor Raynold Bori and I had an appointment with the President.

I shared with him about the Apostolic restoration impacting the Nations and that God still had a great Apostolic destiny for His Government and his Nation. That is why we are taking the whole Summit to this strategic Nation in September. I shared that

God wanted to make him and his government an illustration of Kingdom Government to the Pacific Nations. He will be officiating at our Summit and attending our opening breakfast on Monday 13th September.

Prime Minister – Head of Government:

Our time with him was very powerful. We prayed for him for healing. He is a very dedicated Christian and will also be officiating at our Summit.

Leader of the Opposition:

He is a previous Prime Minister and has amazing insight into God's purpose for Vanuatu as they all do. He will preside over our opening breakfast.

Government Ministers:

I was privileged to meet and share with other Ministers in the Government as well. They are all totally behind our visit.

Ministry:

I ministered in the Church of Christ on Apostolic Restoration and the ministry of the Holy Spirit with powerful prophetic ministry and words of knowledge.

The Pastor of the Church of Christ is also the Head of the Churches of Christ in Vanuatu and I had an important prophetic word for him.

Launch at Presbyterian Church:

An official launch of the Global Apostolic Summit was held in a large Presbyterian church in Port Vila which was packed full of people as a result of the newspaper article in the Saturday paper. I again spoke on Apostolic Restoration and anointed and prayed for 12 Government leaders.

Monday Committee Meeting: Pastor Raynold Bori, a member of the International Board of "Global Apostolic Network" has got an excellent committee together composed of the Heads of the Assemblies of God, Churches of Christ, Presbyterian Churches plus government representatives and individual Pastors.

I met Pastor Wendy Tandy who owns a resort called "Sea Change Lodge". She has arranged the booking of "Mangoes Resort" on the water front for \$80 per person per night instead of from \$120 to \$150 per night. We have booked the whole resort for the Summit.

The report I received was that this is the first time that a whole Apostolic Conference has been taken to a Pacific Island Nation.

I was astounded at the supernatural favour of God on this Conference from both churches and government.

It is very obvious that God is planning a very significant move of God both in Vanuatu and in our summit.

I would encourage you to make a special effort to attend this Apostolic Summit from September 10-17.

We will be visiting Gladstone, Rockhampton and Bowen in May. USA in late June/July, Western Australia in August.

If there is anything we can do to help you and bless your ministry, please do not hesitate to contact us.

**It is God's Time to Move in a New Way
It is the day of Our Visitation**
